# Fearless John

# PREPARING FOR THE PLAY

## PLOT

Fearless John lives with his mother and his brother Peter in a small town. Because he has no fear at all, one day a bad dog bites him and hurts his hand. His mother tells him about the importance of being afraid. John doesn't understand what fear is and he decides to go into the forest in search of it.

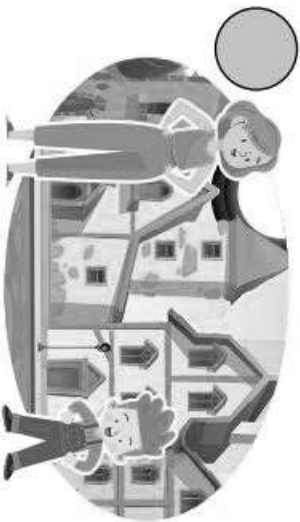

Meanwhile, the King wants to marry his daughter, princess Elizabeth. She is not a normal princess, she dresses in black and likes darkness and bats. She tells her father that she will only marry the person who can spend a whole night in the castle of terror. The princess and her assistant Alfred prepare to turn the castle into a horror place full of tricks and terrifying creatures.

When Fearless John arrives in the castle, he takes the challenge and spends the night there. To Elizabeth's and Alfred's surprise, he isn't afraid of anything. However, as he falls in love with the princess, he discovers a different kind of fear.
